

Group Transportation To and From the Airport

Revised 6/12/04

From the Airport to Mexico

Take the Flyer – It is a big red, white and blue bus #992 at the front of the Airport terminals (curbside). They come every 10 minutes. You will need to request a “transfer pass” when paying the fare. The price is \$2.50 and they do not give change, so be sure you have the correct amount. This pass will take you all the way. It is good for both the bus and the trolley.

**Take the bus to “American Plaza Transfer Station” on the corner of Broadway and Kettner (1st stop on Broadway). Cross the street and take the red Trolley. Note: There are 2 trolley lines on their map. You will need to be on the blue line that says “San Ysidro/Tijuana”; it will take you all the way to the border. Be sure you do not go the other way!
Note: When the trolley stops, push the button to open the door, and get on ASAP. The door does not stay open too long. Don’t hesitate long to get on. You may miss your ride if you do!**

From Mexico to the Airport

Coming the other way? Just reverse the above directions, except you will buy your \$2.50 trolley pass at the Trolley Station, which is still good for both the Trolley and the Bus.

Take the red Trolley to “American Plaza Transfer Station” on the corner of Broadway and Kettner in down town San Diego. Cross the tracks to Broadway and wait at the bus stop for the big red, white and blue bus #992. It will take you all the way to the Airport.
